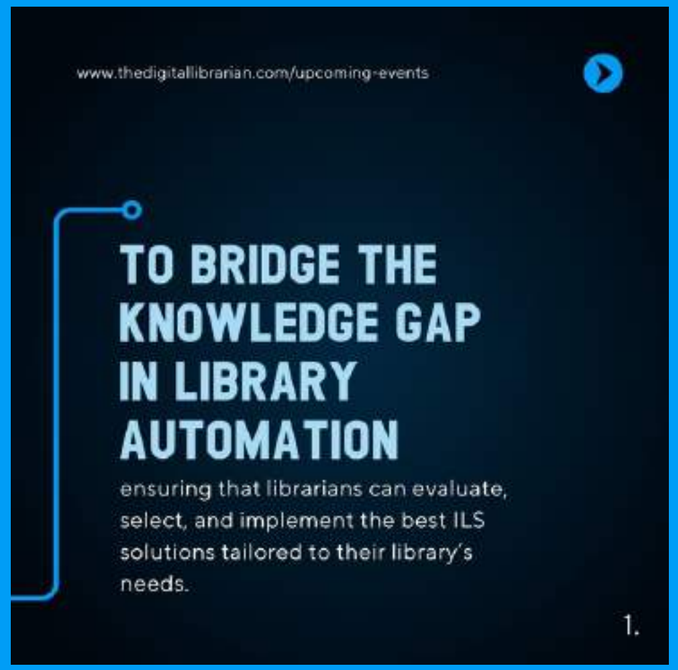
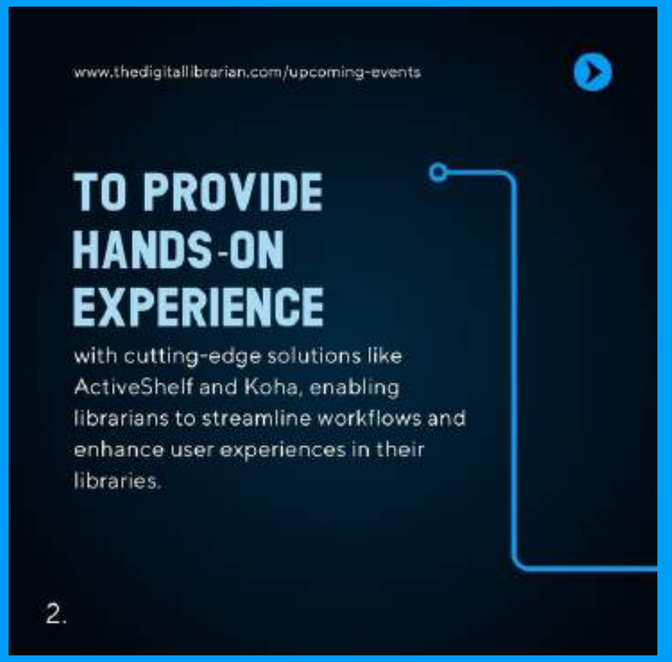
ABOUT L.A.M.E

This International Workshop aims to provide librarians and information professionals with a foundational understanding of library automation and its potential to simplify and optimize library operations. Through presentations, hands-on sessions, and panel discussions, participants will explore the role of Integrated Library Management Systems (ILS) such as ActiveShelf and Koha in modern library management.

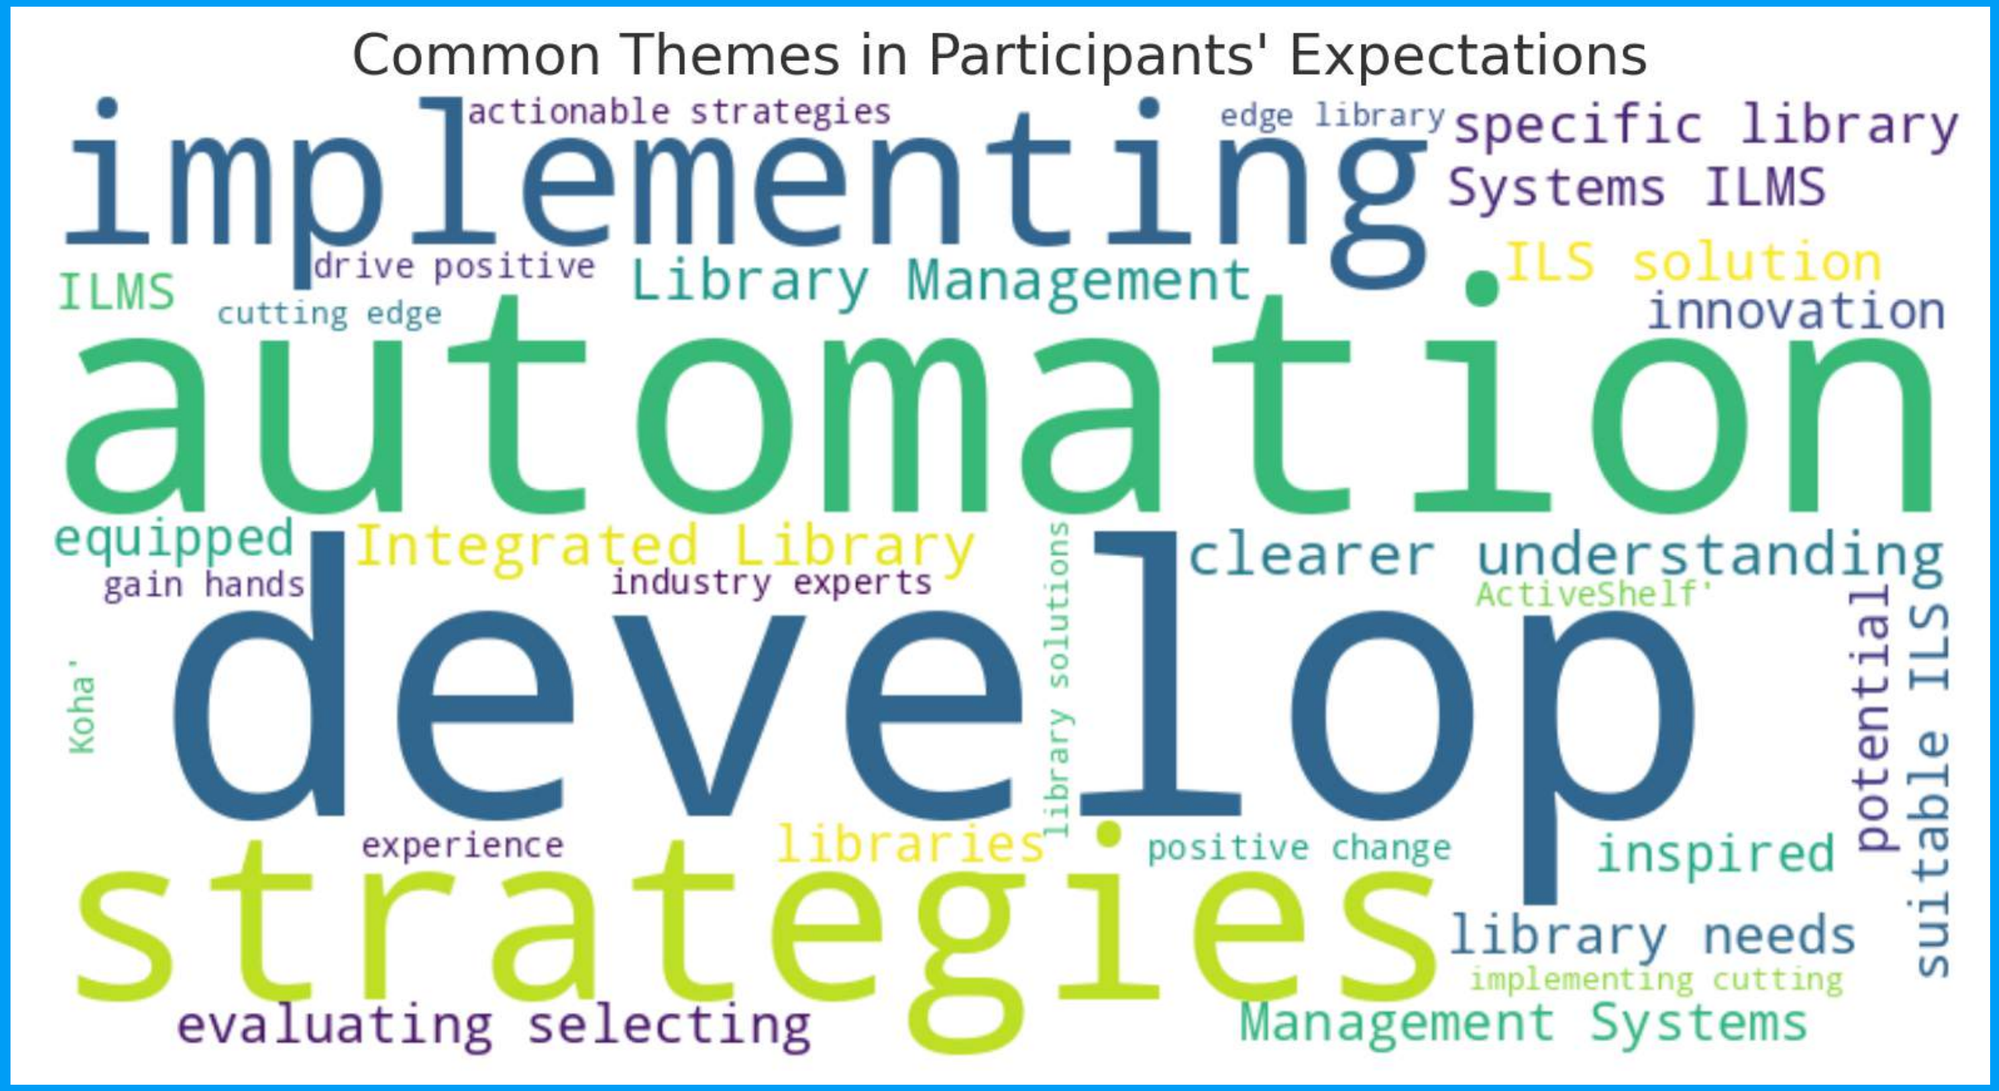
LEARN MORE HERE

RATIONALE FOR L.A.M.E





PRE-WORKSHOP SURVEY FINDINGS



Word cloud of common themes in participants' expectations for the workshop. larger words were mentioned more frequently

PRE-WORKSHOP SURVEY FINDINGS

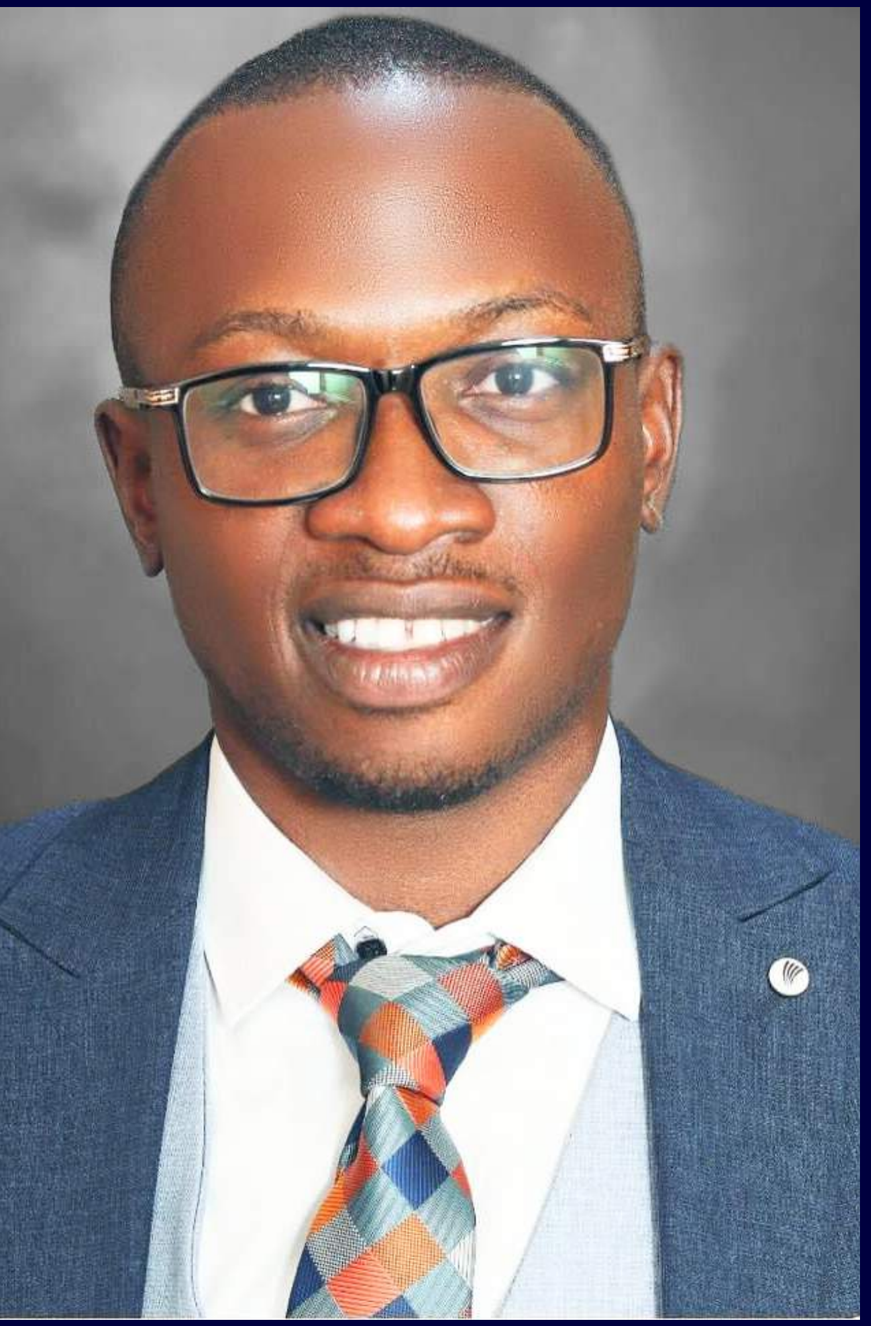
Dr. Ogochukwu Thaddeus Emiri, CLN (pastorogo2014@gmail.com) is the University Librarian at Delta State University of Science and Technology, Ozoro, and an Associate Professor in the Department of Library and Information Science. With over two decades in the field, he is a prolific researcher in digital literacy, library management, and technology use in library services. He is the current National Secretary of the Nigerian Library Association. Dr. Emiri will be a discussant at L.A.M.E, sharing his expertise on "ILMS Implementation and Usage Experiences."

Patrick Agwu (uzo123ng@gmail.com) is a librarian at Kenneth Dike Library, University of Ibadan, heading the Technical, Infrastructure, and Internet Services Section. He is a dynamic personality who trained as a Librarian (UI), Science Laboratory Technologist (UI). He also holds a B.Sc. in Economics (OOU) and a Master's in Data and Information Science (UI). With extensive experience spanning over 28 years in information technology, library automation and digitization, he has facilitated over 100 trainings/workshops cutting across divers industries locally/internationally. He chairs the IT Section of the Nigerian Library Association. He will be speaking on the topic: "What Every Librarian Should Know About Automation" at L.A.M.E.

Sunitha Richard (ayesuni@gmail.com) holds a Master's degree in Information Science from UKZN (2018). She is a Librarian at Msunduzi Municipality Library Services, South Africa, and the Chairperson of Libraries Special Programs and Outreach. Her outstanding contributions earned the LIASA Librarian of the Year 2019 award and LIASA Change Maker Award 2021. She will be a panelist at L.A.M.E discussing "ILMS Implementation and Usage Experiences at her Library".

Christian Ogbejie, (ogbejie333@gmail.com) a Certified Librarian, is the Business Development Librarian for Library Technology Limited (Libtech). He holds a bachelor's degree in Library and Information Science from Delta State University. With a passion for 21st-century technologies, he has contributed to numerous e-library projects and trained over 500 library professionals on integrated library solutions, digital literacy, and institutional repositories. He will be speaking on the topic: "Automation Made Easy with ActiveShelf ILS" at L.A.M.E.



Jeremiah Ugwulebo (Jeremiah.ugwulebo@uniport.edu.ng), a Certified Librarian, is the Head of the Medical Library at the University of Port Harcourt. He holds a bachelors degree and a masters degree in library and information science from the university of Abuja and the University of Uyo. His areas of research interest are Information Literacy, Digital Libraries, and Information Access and Policy. He has published in local and international journals in the field of librarianship. Jeremiah is the Public Relations Officer for the Nigerian Library Association, Rivers State Chapter and he will be a panelist at L.A.M.E discussing "ILMS Implementation and Usage Experiences."

Sharon Ngobese (cyber.wood@gmail.com) is a Cyber Kadet at Msunduzi Municipality Library Services. She holds a Diploma in Business Information Systems (Unisa 2006) and a Diploma in Archives Management (Unisa 2021). Currently, she is pursuing a Bachelor of Political Leadership and Citizenship at UNISA. Sharon will join other panelists at L.A.M.E to discuss ILMS Implementation and Usage Experiences at her library.

Ayo Owojuyigbe (aowojuyigbe@gmail.com), a dedicated ICT librarian at Yaba College of Technology (YABATECH) with a deep love for technology and information management, pursued a degree in Information Technology focused on library science. He excels in enhancing user experiences and providing valuable resources, with expertise in online databases and digital literacy. He blends his interests in technology and information management while making a meaningful impact on the communities he serves. Ayo will join other panelists at L.A.M.E to discuss ILMS Implementation and Usage Experiences at her library.
