26th-28th July, 2024

7:00pm Nigerian Time (GMT +1)

Patrick Agwu (uzo123ng@gmail.com) is a librarian at Kenneth Dike Library, University of Ibadan, heading the Technical, Infrastructure, and Internet Services Section. He is a dynamic personality who trained as a Librarian (UI), Science Laboratory Technologist (UI). He also holds a B.Sc. in Economics (OOU) and a Master's in Data and Information Science (UI). With extensive experience spanning over 28 years in information technology, library automation and digitization, he has facilitated over 100 trainings/workshops cutting across diverse industries locally/internationally. He chairs the IT Section of the Nigerian Library Association. He will be on the panel to discuss “contemporary Library Automation Issues, Experiences, Recommendations, as well as starting off as consulting” at L.A.M.

Christian Ogbejie, (ogbejie333@gmail.com)
a Certified Librarian, is the Business Development Librarian for Library Technology Limited (Libtech). He holds a bachelor's degree in Library and Information Science from Delta State University. With a passion for 21st-century technologies, he has contributed to numerous e-library projects and trained over 500 library professionals on integrated library solutions. He will be facilitating a hands-on session tagged: "Mastering Proprietary Library Management Systems: Case Study – ActiveShelf" at L.A.M

Jeremiah Ugwulebo

(Jeremiah.ugwulebo@uniport.edu.ng),

a Certified Librarian, is the Head of the Medical Library at the University of Port Harcourt. He holds degrees in Library and Information Science from the University of Abuja and the University of Uyo. His areas of research interest are Information Literacy, Digital Libraries, and Information Access and Policy. He has published in local and international journals in the field of librarianship. Jeremiah is the Public Relations Officer for the Nigerian Library Association, Rivers State Chapter and He will be facilitating a hands-on session tagged: "Mastering Opensource Library Management Systems: Case Study – Koha"

Yop S. Gyang (sarahyop@gmail.com) is a seasoned para-professional library staff with extensive expertise in accounting, information science, and data science. She holds a Diploma and HND in Accounting from Plateau State Polytechnic, a Diploma in Library and Information Science, and certifications in Computer Web Applications, Project Management, and ITIL Foundation. Additionally, she has completed ICTP Data Science courses and is currently pursuing a BSc in Information Communication Technology. Since 2011, Yop has been a vital part of UNIJOS, becoming the lead of the Koha Team in 2016 and actively contributing to the Web Team. She will be on the panel to discuss “contemporary Library Automation Issues, Experiences, Recommendations, as well as starting off as consulting” at L.A.M.

Emuesiri Etagbedauwe (etagbedauweemuesiri@gmail.com) is a Certified Librarian from Delta State, Nigeria, currently serving as the Acting Head of E-Library Services at Admiralty University of Nigeria, Ibusa. With a strong background in cataloguing and classification, collaborative initiatives, data management, and content creation using Canva. Emuesiri brings a wealth of expertise to his role. His experience includes implementing innovative library solutions and managing digital resources effectively. He will be joining the panel at the Library Automation Masterclass to discuss contemporary library automation issues, share his experiences, provide recommendations, and explore the path to starting a consulting career in library automation.
